M. M. Fardy, of This City, Among the Victims Who Met Death Early This Morning.

SUFFOCATED IN BED

Disastrous Fire in Lincoln Hotel Results in Panic and a Fearful Loss of Life.

(Special By Scripps-McLae.) Chicago, Ill., Dec. 4.—Fourteen and possibly eighteen persons are dead as a result of a fire early this morning in the Lincoln hotel, 178 Madison street. The hotel was largely patronized by farmers and the victims were most of the country men who were in Chicago to attend the stock show.

All Dead Suffocated. All the dead were suffocated in their beds by smoke which came upon them before the alarm of fire was announced. The flames originated in the third story of the building it is thought from an open gas jet and spread rapidly. Little damage was done to the building itself by the fire.

No Escapes. The building was run as a hotel by Fred Smith, a former Janesville man and according to the building inspector's examination had practically no fire escapes and the hallways were so narrow that two persons could not walk abreast. Several persons jumped from the burning building to adjoining roofs and were badly injured.

The Dead and Injured. Injured—R. C. Hamilton, Lebanon, Ind.; W. H. Thomas, mail clerk, Chicago, Milwaukee & St. Paul; A. S. Halsey, Fairmont, Ind.; J. D. Mayer, Burlington, Ia.; Edward Weber, hotel clerk, Mrs. Shepard jumped from third story window to roof of a restaurant adjoining with son in her arms. Believed to be internally injured. Ed. (Special By Scripps-McLae.) San Juan, P. R., Dec. 4.—General Deschamps, formerly minister of telegraphs of San Domingo, sailed today on the steamer Caracas, for New York, where, it is understood, he will prepare for another campaign in his country. A dispatch from Cape Haytien, Oct. 13, stated that General Deschamps has taken up arms against the provisional government, and that uprisings had occurred at Monte Christi, Dajabon, Sabana, and Gajabin. The government troops captured Monte Christi October 23 after a severe battle. A dispatch from Santo Domingo, Nov. 27, stated that revolutionary disturbances were still continuing in the north of the island.

WORK STOPPED BY COLD WEATHER

Brick Laying On New Postoffice Stopped Until Weather Upwarms.

The present cold snap has caused a shut down of the work on the new post office building. The government does not allow any brick laying to be done after the thermometer gets below freezing and stays there. During the last two weeks the contractors have made rapid progress in the work. The brick laying is completed up to the second story and all the cut stone window jams and cut stone pillars about the front entrance are up to the second story. The posts and joists of the center span of the building are in place and two weeks of good weather would have put the building well along towards completion.

REMARKABLE TRANSACTION IN COTTON

The biggest sale of cotton from one plantation ever made in New Orleans took place a few weeks since, when the famous "Panther Burn" crop, consisting of 4,900 bales, was sold. A sale and delivery of 4,900 bales from one plantation would be a remarkable transaction under any circumstances, but these bales were nearly twice the usual weight, averaging 900 pounds to the bale.

COMING TO US

The government of Honduras has decided to have its postage stamps and postal cards engraved abroad this year and the work is to be done in the United States, according to a report from Consul W. E. RUSSIAN FIRM SUES THE UNION

Test of the English Law Requiring Incorporations to Register Properly.

(Special By Scripps-McLae.) London, Dec. 4.—The long expected action of the Taff-Vale Railway company against the Amalgamated Society of Railway Servants, arising out of the strike of August, 1900, came on for a hearing yesterday. The railway company, which seeks to recover damages, contends that there was a conspiracy on the part of the society to injure its business, and further that there was an unlawful combination to carry on a strike.

The case is likely to last some days. It marks a new departure in industrial struggles. In view of its importance a half dozen king's counsel, in addition to five junior members of the bar, have been briefed. Sir Edward Clark, in the opening statement, urged that by reason of the strike, the railway company had lost about £25,000 and for that amount he submitted the defendants were liable.

Von Ballestrem therefore decided to remain, but will take a few days' rest after his struggle with the social democrats is over.

(Special By Scripps-McLae.) London, Dec. 4.—The House of Commons passed the education bill today. Premier Balfour appealed to the public spirit of all classes to do their best to insure the working of the bill, than which, he said, no better alternative measure had been proposed, and the House adopted the third reading of the measure by 236 votes to 132. The bill was immediately sent to the House of Lords where, in the presence of only three peers, it was formally read for the first time.

Fear an Exclusion Law Will Follow Roosevelt's Recommendation Barring Italians.

(Special By Scripps-McLae.) Rome, Dec. 4.—President Roosevelt's recommendation of a passage of a new immigration law causes uneasiness here, as it is feared that the law would exclude illiterates, which would bar nearly all the present Italian emigration. So far as Italy can use an influence in Washington, it will be exerted to prevent the passage of any law that would make ability to read and write a condition of entry into the United States.

NEW PACKING-HOUSE SITES AT KANSAS CITY

Change in Management of Bates Depot and Terminal May Result in Location of Big Stockyards.

Kansas City, Dec. 4.—The change in the management of the Bates depot and terminal by the selection of George H. Ross of Chicago to succeed Theodore C. Bates as president has revived rumors of the building of independent stockyards and packing houses and providing an entrance to Kansas City for the Rock Island system and other roads. Several hundred acres of river land owned by the company are, it is asserted, to be used for packing houses for Armour, Swift and Nelson Morris; and the completion of the Winner bridge and terminal, it is said, is to be pushed. Mr. Ross does not deny that railroads are interested in the deal but declines to say which lines are back of it. Mr. Ross would not deny that the packers named are interested, but declared that stockyards had not been planned.

SAGASTA REFUSES TO ACT LONGER

Says That He Has Been Badly Treated by the Political Parties of Spain.

(Special By Scripps-McLae.) Madrid, Dec. 4.—Premier Sagasta has resigned. Senor Sagasta had an audience with King Alfonso Wednesday at which he presented his resignation and intimated that the step was irrevocable. He informed the king that the opposition had treated him with distrust and discourtesy, which he did not deserve. His majesty will not decide on the course he will pursue until tomorrow.

There is some talk of a new ministry being formed under the leadership of Senor Montero Rios and the duke of Tetuan.

The cabinet, which has just resigned was formed by Senor Sagasta on Nov. 14, last. Madrid, Dec. 4.—King Alfonso will decide today on the course to be pursued in regard to Senor Sagasta's resignation. Senor Sagasta will insist it is understood on the acceptance of his resignation. He is deeply hurt by the implication of corrupt motives in the censure by the cortes of a minister of marine, for whose course he regards himself as a part responsible. Besides, he wishes to rest the remainder of his life. He is willing, it is said, to give the king the benefit of his advice and experience when requested, but he is determined to be relieved of the responsibilities of the premiership. It is possible that Gen. Weyler, now minister of war, and formerly captain general of Cuba, may form a ministry.

HARTOPP TRIAL STILL CONTINUES

Defendant's Father Asks Court to Keep Attorneys from Insulting His Daughter.

(Special By Scripps-McLae.) London, Dec. 4.—There was a scene at the opening of today's hearing in the divorce suit of Sir Charles Hartopp against Lady Hartopp. C. H. Wilson, M. P., the head of the shipping line bearing his name and the father of Lady Hartopp, rose in the courtroom and asked that his daughter be protected against the insolence of the counsel for Sir Charles Hartopp as exemplified in yesterday's cross examination, as he was afraid that it would injure her health.

"It is sufficient degradation," said Mr. Wilson, "to be tied to that lying scoundrel," pointing to Sir Charles Hartopp.

The cross examination of Lady Hartopp was resumed. In reply to the question as to where and how she intended to procure the \$100,000 which she had offered to Sir Charles if he would consent to a divorce, Lady Hartopp said: "By insuring my life and borrowing money."

The Earl of Cowley, the co-respondent testified that he knew Sir Charles Hartopp and Lady Hartopp before they were married. Sir Charles Hartopp had never complained of his (Earl Cowley's) conduct toward his wife until he presented the petition for a divorce. The earl denied that he had been guilty of any impropriety.

(Special By Scripps-McLae.) Paris, Dec. 4.—The contents of the wine cellar of the Marquis de Castellane, in the Chateau de Savignac, were levied on and sold for taxes today. The marquis, who is a devoted royalist and father of Count Bon of Castellane, died what he could to baffle the revenue officers of the republic. He blocked the entrances to his ground, but the legal agents made their way through the barriers. Then he lighted sulphur in the cellar to drive them out with the fumes. But it was all in vain. The wine was sold and the marquis, after denouncing from a barrel end a government which had no respect for royalty or aristocracy, left the scene.

In addition to the sum of \$65,000 annually set apart for the ordinary running expenses the board asks for the establishment of the cottage system instead of a single main building. The present structure is believed to be unsanitary and the separation of the children according to ages is thought a wiser policy.

BLOODY BATTLE HAS BEEN FOUGHT

Reports from Rosoff, Russia, Show That Hundreds Were Killed or Wounded in Fight.

(Special By Scripps-McLae.) Vienna, Dec. 4.—A dispatch from the Russian frontier states the encounter between Cossacks and strikers at Rosoff on the Moscow-Caucasus railroad was much more sanguinary than stated in the official reports. The reports distort facts and conceal the truth, which is that the outbreak was not a strike but an open rebellion. In the encounter near Rosoff hundreds were killed and wounded and the fighting was of the most desperate character, blood streaming on the field of conflict. So far from being suppressed, the rising is spreading and the situation is critical.

PLAY FAST GAME ON THE ROLLERS

HORLICKS WIN BY THREE POINTS
FROM JANESVILLE.

SPEEDY EXHIBITION OF POLO

Locals Put Up a Hard Fight Before
a Large Crowd of Enthusi-
astic Spectators.

Faster polo has been played than that on the rink last night, but not often. Racine, represented by the famous Horlicks, now leading the Western League, only managed to pull the game by a score of 3 to 0. The goal guarded by Harris, one of the eastern players secured for the occasion, was practically impregnable, although most of the play was at Janesville's end of the enclosure.

In the first third Janesville held grandly, although they did but little aggressive work, and time was called before either team had scored. The play was rather lethargic, and while an interesting sight for the onlooker, was not the kind of a game that both teams are capable of.

Began To Warm Up
When the whistle blew for the second half the play went on much as before. It was pretty polo, and it was fairly speedy, but it was nothing to the pyrotechnic exhibition which was to follow. Enthusiasm became wilder, and every display of skill was generously applauded. After thirteen minutes of play Dawson made the first goal of the game. It was clean and unassisted, the cage being unguarded for the instant.

The half closed with the score standing 1 to 0 in favor of the Horlicks. The last third began a battle for blood. Racine realized that a larger score must be made to save their reputation. Janesville was encouraged by unexpected success, and played with much more ginger.

Play Fast Polo
Then came one of the prettiest exhibitions of polo that has been seen on the local rink in many a day. The play became faster and faster, and the Bower City men were right there, "with the goods." It was not until thirteen minutes and twenty seconds had elapsed that the first goal was made. Smith caged the ball. Fifty seconds later he repeated the trick.

would have been difficult to accommodate a larger crowd in the rink. Every seat was filled, men and boys were lined up on the sides and at the ends five and six rows deep, and the omnipresent small boy occupied the little remaining space. Judging from last night's representation Janesville does not appear to have lost its old fondness for a good polo game.

A Speedy Aggregation
Of course the Horlicks put up a good game. The fact that they now lead the Western League indicates that. Out of six games they have lost but one game. Their victors in that case were the Richmond team who take second rank in the league. Their schedule up to this time carries the following scores:

Horlicks-Indianapolis, 10-1.
Horlicks-Indianapolis, 6-5.
Horlicks-Richmond, 3-2.
Horlicks-Richmond, 2-1.
Horlicks-Elwood, 7-2.
Horlicks-Elwood, 4-2.

Comparing Well
Comparing Janesville's showing with the above schedule does not seem to indicate that Janesville stands far below the League standard. At any rate it is hardly to be expected that any team whose men are busied with other work, as are the Janesville players, should rank on a plane with a team like the Horlicks, who practically live on polo.

Smith, the "wizard," as he is known in his own city, did not play up to the game which has earned him the reputation of being the best rush in the West. Except in the last third. Then, like the rest of the team he began to play faster polo, scoring two unaided goals in less than a minute.

Star Individuals
Dawson had more attempted goals to his credit than any other player on either team. But Harris proved able to handle all of them save one. The long distance tries at goal by Grimth and Cameron were features of the game. Tibbetts had but little opportunity to display his stellar ability at the goal, but those that came his way were handled easily.

Janesville's men made a more than creditable showing. Harris and Leslie, the two outsiders played a whirlwind game, fast, sure and full of snap. George made several headlong attempts at the goal and succeeded in breaking up a number of grand stand plays on the part of the visitors. On a couple of occasions he stood well to win a goal, but his support was lacking on both of those vital occasions.

Lacked Team Play
Blakely played good polo. In most of the game he was here, there, and everywhere, playing as good a game as any one on the field. He was fast on his skates, and accurate with his club, but once or twice he failed to be in his place on time to support George for a goal. On at least two critical occasions George slid the ball across the rink but Blakely was not there to receive. He played a speedy game, but not the game he is capable of until that memorable last third. But it was too late then.

Clean Game
Occasionally the blocking and interfering degenerated into something more like football than polo, but there was no foul work. The only approach to an accident was a blow over the eye which Smith received

from a polo club, but time was only called for a few seconds.

ARCHITECTS WILL LEAVE THIS CITY

Rawson & Paunack Decide to Remove
to Vicksburg, Mississippi—
Rawson Is There Now.

At the first of the new year the firm of Rawson and Paunack, architects, will leave this city. For two months past the senior member of the partnership has been in Vicksburg, Mississippi, and Mr. Paunack will join him as soon as he can get his business wound up, probably the first of January. They have come to two conclusions: that while one of them could find an abundant field in this city, there is not the same opening which there would be in a larger place.

When Mr. Rawson made his trip through the West during the past summer, ostensibly for pleasure, he was looking about for a desirable place to locate, and finally fixed upon Vicksburg, going to that city to open an office immediately after returning from his trip. The office at Vicksburg was announced in the trades journals as a branch of the Janesville firm. Mr. Paunack says that he is opening negotiations with

No definite arrangement has yet been made, but Mr. Paunack says that he has been opening negotiations with a view to securing some one to take charge of the work which he is leaving. He regards the field as, while not equal to that which the firm is about to enter, too profitable to be abandoned.

KING MAY STAY WITH BADGERS

Marinette Newspaper Man Says the
Wisconsin Foot Ball Coach

Told Him So.

If the word of the sporting editor of a marinette paper is to be taken, the authentic, Phil King will coach the Badgers again next season. According to the story of the gentleman from the north of the state, he was engaged in conversation on Saturday last with the ex-Princeton man who has done so much to develop the Wisconsin football team. In the course of the talk King made the statement that he expected to return next fall to take charge of the eleven of the state university at Madison. This story conflicts somewhat with the commonly accepted reports that King will stay in the east next year. The truth of the matter probably is that no definite arrangement has yet been made.

SHOEMAKERS FORM ONE MORE UNION

Marzluff Shoe Factory Employees Have
Organized for Mutual Benefit

Under Labor Union Laws.

Among the latest additions to the organized labor roster in this city is a union of the shoemakers of the Marzluff shoe company. In organization and scope it is similar to the shoemakers' union already organized in the city, differing only in the brotherhood manual and in the list of officers. The union has not yet reached the total enrollment of the employees of the Marzluff company, but it is said to be rapidly gaining in strength.

CHRISTMAS SALE UNIQUE SUCCESS

BAZAAR OF NATIONS AT PRESBY-
TERIAN CHURCH.

MANY ATTRACTIVE BOOTHS

Sale Was Largely Patronized, and an
Excellent Chicken Supper
Was Served.

For a unique success the Christmas sale given by the Ladies' Aid society of the Presbyterian church in the church parlors this afternoon was certainly the equal of any similar event ever given in the city. The arrangement of the fair as a bazaar of nations added a decorative effect which was of artistic value to the display of the goods on sale.

Bazaar of Nations
The church parlors presented a very attractive appearance, the different booths, representative of the Indian, Japanese, French, Irish, and American nations being in striking contrast. In addition to these there was the candy booth, presided over by Miss Pearl Willey and conducted for the benefit of the treasury of the Junior Endeavor society; the cake table at which home made delicacies found ready purchasers; Mrs. Marie Carlo being the saleslady; the corner where artistic sofa pillows were disposed of by Mrs. Silas Hayner and a fine display of pyrotechnic work over which Mrs. Axel Maceo presided.

Artistic Booths
The Indian and Japanese booths were especially attractive. The former was made with Indian draperies and blankets, a tepee occupying a corner, spears being crossed over the entrance. A large camp kettle was in the foreground, and Indian baskets, burnt leather sofa pillows and picture frames in Indian designs and china dishes decorated with the heads of famous Indians were sold by Mrs. Geo. Williamson and Miss Louise Crosby.

Tea Is Served

Miss Mary Mount and Miss Matella Calkins presided at the Japanese booth and served delicious tea in dainty cups whose designs were suggestive of the orient. Each purchaser received the cup and saucer as a souvenir. Kimonos and fancy Japanese wall panels were the principal articles for sale in this booth whose arrangement with umbrellas, lanterns and large fans was delightful.

France and Ireland

In the French booth, with its pretty draperies of lavender, hankiecloths, fancy neckwear and the other dainty accessories of dress so dear to the feminine heart, were on sale. By its side was the Irish booth in vivid green where fine linens and embroidered articles were for sale. Mrs. S. J. Waddell and Mrs. Mary Horn presided in the French booth and Mrs. Edward Ruger and Mrs. Randall in the Irish booth.

The American Booth
Red, white and blue bunting formed the decorations for the large American booth at which, aprons, crocheted shawls, bags and many other useful articles proved a strong attraction for the busy housewives. Mrs. W. H. Blair, Mrs. S. B. Hedges and Mrs. George G. Sutherland were in charge.

Well Patronized

The sale began at twelve o'clock and in spite of the disagreeable weather many ladies were at the church at that hour, anxious to make their selections from the many pretty articles on exhibition. During the entire afternoon the room was filled with purchasers.

DEPARTMENTS OPEN WORK AFTER QUIET

Big Beloit Plant Has Once More
Started Up with Full Force

After Annual Inventory.

For some time past the monstrous plant of the Fairbanks-Morse company of Beloit has been shut down in several of its departments in order to allow of an annual inventory taking, and general overhauling of the condition of the shops. Yesterday the men began work again in five departments. The departments which were opened up were the gas engine shops, pump shop, machine moulding shop, gas engine test, flour and paint shop, and the pattern shops. The company has been steadily adding to its force, although a scarcity of men has been found at many times during the past year, and the pay roll now reaches to an enormous total.

M. CASSODAY IS SERIOUSLY HURT

Fractured Hip Results from Slipping
on Office Floor—Is at the
Hospital Now.

At the Palmer hospital yesterday Dr. Barry set the fractured hip of Michael Cassoday and did what he could to alleviate the old gentleman's pain. But Mr. Cassoday is well along in years—he is in his eightieth year—and the shock of the fall which caused his broken hip, proved so great a strain, coupled with the tardiness in calling for medical assistance that he is now in a serious condition.

Mr. Cassoday, who has been living at the Janesville House for some time slipped and fell in the hotel office last Saturday. The fall occasioned him great pain, but no aid was summoned until Tuesday, when Dr. Barry was called. Upon examination it was found that the hip was fractured, but the patient was in such suffering and in such a feeble condition that it was thought inadvisable to attempt to set the broken bone at once. He

was taken to the Palmer hospital and everything possible done to ease his pain.

Yesterday the bone was set and a weight attached, but the outcome is doubtful. Mr. Cassoday was greatly weakened by the pain which he was obliged to endure before a physician was called.

ARRESTED MAN NOT IN THE DIRECTORY

Man Charged with Burglary at Reeds-
ville, Claims His Home is
in Janesville.

According to the Manitowoc paper, Janesville has a representative who is doing an extensive marketing business through that section of the state. A gang of five men were captured Saturday charged with the burglary of a store at Reedsville, and it is believed that they are the same men who have been operating through that county for some time past. The men had stolen goods with them, and carried revolvers, nitro-glycerine, burglars' tools, and other appliances for extensive work.

These men are all in jail awaiting a hearing. They give their names as Charles Rilly of Beloit, Dan West of Racine, John Belchice of St. Louis, John Connors of Chicago, and C. Necum of Janesville. None of the local directories contain the latter gentleman's name, and no light can be found regarding his identity. Chief Hogan says he knows nothing of the name.

TEN DAYS MORE IS ALL THEY ASK FOR

After Ten Days of Work the Machin-
ery Can Be Installed in the
Vudor Company.

Inside of ten working days, according to Don Farnsworth, president of the Hough Porch Shade corporation, the first machinery will be installed in the Spring Brook plant. After that time there is no reason to anticipate any forced cessation of work, and the plant should be ready to begin operation January 5, or the 10th at the outside.

A little over a day's work was lost by the snow storm of night before last. All day yesterday a force of men were busy in sweeping the snow and clearing up the buildings so that work could be continued. In the boiler house the work of setting up the engine went on uninterrupted. The building is securely roofed over, as the other buildings will be shortly—ten days, if there are no interruptions by the weather.

STORM DELAYS NEW BUILDINGS

From a Day to a Week is Length of
Hold Back as Estimated by
the Builders.

From a day to a week of delay has been caused the builders of the city by the storms of the first of this week. At least one day's work has had to be given up for the purpose of clearing away the snow in those cases where the buildings are not yet roofed over, and in some cases the delay has been greater.

Good fortune has attended Gullen Bros. with the library. They were securely roofed over, and waited in before the first storm came, and their work now goes on uninterrupted. The only exterior work to be done is the carving and that can go on almost regardless of the weather.

Skelly & Wilbur's new store building, and the bakery building on High street have both been materially held back. At the latter place Architect Hilton, whose plans have been accepted for the work, calculates the loss in time as at least a week.

Residences at various places in the city and outside the limits, which were only partially completed have been thrown back. The postoffice has also been a sufferer to a certain extent. Street work has been effectively suspended, and prospective improvements around yards or on farms have been put to a stop for the time being.

But the builders are not, for the most part, disconsolate. They prefer to look on the bright side and rejoice in the fact that they have been able to work much later this season without an interruption than has been the case for many seasons. The effect of the storm is paltry compared with the damage done by a single one of the many heavy rains of the early spring and summer.

ARE TRYING A NEW EXPERIMENT

Moulds for the Cement Posts Are of
an Untried Model—Work
Going Slowly.

Work at the cement post factory is going rather slowly now. The moulds for the posts are being made, and as they are of an experimental design and the total outlay is something immense great care is being taken lest they should be of faulty pattern or workmanship. Otherwise only the last touches are being made toward putting the machinery in working condition. No date has yet been set for the actual beginning of operations. No posts have yet been made and none are likely to be made immediately.

You've got to hustle all the time to keep in the swim. If you are slipping down the ladder of prosperity, take Rocky Mountain Tea. Makes people strenuous. Smith's Pharmacy.

CHICAGO BREAKS STOCK RECEIPTS

IMMENSE BUSINESS DONE ON
DECEMBER FIRST.

3,000 CARLOADS ARE RECEIVED

Stock Train Over Twenty Miles Long
Required for One Day's
Importations.

All previous stock records were broken on the first day of December which was the greatest day for the receipt of stock in the history of the city. This information was contained in a personal letter written to M. D. Taylor, of this city, by his nephew, A. L. Snyder, of Chicago. Mr. Snyder holds a responsible position with the Iowa Live Stock commission company and is said to be one of the best authorities in the country.

According to Mr. Snyder's statement, 38,000 head of cattle, 42,000 head of hogs and 55,000 head of sheep were received in Chicago on the first day of this month. There were 3,000 carloads of the stock, which would have made a train over twenty miles long.

DECIDE TO FIGHT FOR THE PRINCIPLE

Beloit Aldermen Decide to Resist In-
junction Against Building a
Bridge Railing.

Beloit has always had a thorn in the side, in the shape of the central bridge of the city. First it was a fight to know whether stores might be built along it as has been done in this city, and was finally done in Beloit. First and last the city has been involved in endless disputes on the subject. Now the trouble is over a matter indirectly caused by the interurban line.

At the time that the electric road's tracks were first laid, leaving only a small space between the rail and the sidewalk, the city decided that a railing should be built along the sidewalk to protect pedestrians from frightened horses, or any other danger from the street.

To this the property owners on the bridge promptly made objection, and in order to secure their object they secured the issuance of an injunction which prevented the building of the proposed railing.

After lying in abeyance for some time, the matter came up for discussion before the Beloit city council this week. Their final decision was that they would fight the property owners and the injunction. They did not care so much whether the railing was a necessity or not, as they did whether they or the property owners had the power of passing laws regarding that bridge.

COLLEGE SPORTS

It seems strange that as soon as one football season is over and long before another is begun Milwaukee and Milwaukee papers begin its clamor for two big football games next year. The average citizen of a large city who has never gone to college who simply sees a game of football as a pastime or an opportunity to make some money is generally the one to howl loudest for the big games to be played in the cities. Football, base ball, rowing and track athletics are primarily strictly a college sport. They all originated with the view of helping the development of the muscle and mind at the same time. They were not brought into existence for the sole purpose of amusing the general public or making capital for the betting element or the sports. While it remained a college sport it was all right. Clean pure athletics with no thought of trickery or the money it would bring made the game what it was meant to be, an element that brought the adjoining colleges into closer union by closer rivalry on the athletic field. Today under the paid management system, it has become purely a money making scheme one in which the business manager, looks on each game he arranges in the light of the dollars and cents it will bring in. Milwaukee asks for two games next year. Claims them in view of the support it gives to the university. Claims them in view of the excellent money making advantages a city gives to the management to accrue the almighty dollar. Both claims are just enough if the University of Wisconsin is placing its football team upon the basis of a set of paid Roman gladiators who were owned by a corporation and rented out to different nobles to entertain their friends with. The old world, the world of the Greeks and Romans, at one time had amateur sports. They had their Olympic games, their contests at the foot of Mt. Olympus where all the athletes of Greece met once a year to compete for prizes. Great was the honor to the winners. Great honor to himself and to his city. Then times changed instead of the honor and wreath of laurel, money and gems were given as rewards. Then came the paid arena of the Romans and the awful spectacles of the men trained to war from infancy fighting for life in the scented arena of the Roman coliseum, while all Roman looked on with bated breath and put their thumbs up or down to spare or forfeit the life of the vanquished fighter. Paid athletes ruined the sport in the early days and paid athletes will ruin it again today. While our colleges do not make open claims of professional players there is scarcely any doubt that many of the players receive some sort of compensation for their profession on the gridiron in this day of enlightenment and progress. While not open today, professionalism will come in a few years if the present system of talking as college sport from the college grounds to cities continues and money, not glory, are to be the aims of the college manager who is paid a salary for making money for the college athletic association, he cares nothing about beyond his salary.

THE ANARCHISTS

We sometimes suspect that the anarchists of Europe are not the determined body of murderers that are reputed to be. The other day one of them blazed away at the king of Belgium at point-blank range without injury to that polite monarch and excellent financier. The reasons he gave for the assault were purely aesthetic. He was exasperated "at seeing so many tired looking personages in such grand coaches." But investigation showed him to be an anarchist from Italy, and he cannot be assigned a place with the sensitive Englishman who poisoned his wife's sister because she had thick ankles. An angry artist would have made a better shot at it. It is anarchists were really bent upon exterminating royalty and were as numerous as they are believed to be by the timid, they would have no great difficulty in carrying out their designs. Nowadays kings very sensibly decline to take excessive precautions for the protection of their persons. The game is not worth the candle. In the countless chances of life the small one, of death by assassination counts for little more than the possibility of death by lightning, against which no one thinks of providing. One of the few wise sayings credited to the present merry monarch of Great Britain was his reply to the delegation that went to congratulate him on his escape from an anarchist's bullet. "In these matters," he said, "we are in the hands of God." A deliberate assassin could very easily bring down this poor old king of Belgium. He is as common as the Paris road. He travels without protection from one capital to the other, and is seen at public gatherings so often that he excites no attention except from fluttering American matrons. Perhaps the reason that he is safe is that he travels incognito. The vanity of the anarchist

demands that the victim shall be clothed in all the dignity of his office at the moment of his assault.

FOREIGN TRADE

The growth of American trade with China and the increasing popularity of American goods in that country are shown by two official statements which have just reached the Treasury Bureau of Statistics. One of these is the Report of the Foreign Commerce of China in the year 1901, by customs districts, which contains the detailed reports of the customs officials of each district, as well as a summarization of the total commerce of the year; while the other consists of some extracts from the report of the British Commercial Attaché in China, Mr. J. W. Jamieson. The general report on the commerce of China for the year 1901 shows that the imports from the United States have grown from 5,093,182 Halkwan taels in 1895 to 23,629,606 in 1901; while those from Great Britain grew from 33,960,080 taels in 1895 to 11,223,538 taels in 1901, those from Russia, from 1,791,658 taels in 1895 to 3,016,756 taels in 1901, and those from the continent of Europe, Russia excepted, from 7,552,099 taels in 1895 to 17,046,463 taels in 1901, showing a much more rapid gain proportionately in imports from the United States than from the United Kingdom or other countries of Europe.

FINANCES

The disquietude of financial circles over the financial situation turned out to be well justified by facts when a sudden disclosure revealed one important trust company in a state of collapse and others not far from a similar condition. The fact of the situation seems to be that, while the country has been and continues prosperous, the gamblers have "overplayed their hands." In this way they have been added and abetted by the banks in a way that somewhat lessens the respect paid to the officers of these institutions now that they have begun to preach. There has been such an expansion of the credits as has seldom been known in this country. The trust companies in New York have been among the worst offenders. The business of most of them is practically an evasion of the national banking act. They carry on banking without the safeguards which the government has imposed upon the national banks, and apparently some of them have not been restrained even by ordinary prudence and business sagacity. The hope in the present situation lies in the excellent condition of the country. This is true to all parts, but it is especially true of the Northwest. But the state of the money market, the relative size of the export and import trade, and other signs, ought to be sufficient warning if any warning were needed, beyond the mere superficial aspect of things in general, that the boom has been somewhat overdone and that the country is ready to really settle down to a more lasting if less exhilarating pace.

A Virginia legislator who tacks "M. D." to his name has introduced a bill to make kissing illegal unless the parties to the osculation can show by a physician's certificate that they are free from all infectious germs. The doctor is evidently convinced that the chief end of a legislator is to make business for himself.

These are times of peril for those who go down to the sea in ships, and for sea we may read lakes, for the storms of winter make our inland water anything but an attractive place for the sailors. Within a few days twenty-nine lives have been lost. This is paying a high price for commerce.

A New Game
 A farmer out in Valley county, Nebraska, has invented a game which he calls "Improved Ping Pong." It

is to be played on a farm and in the fall of the year. The player gets up at four o'clock in the morning, attends to his chores, eats his breakfast and then hitches his team to a wagon about the size of a box car and starts for the corn field. Here is where the ping pong comes in. He grabs a big ear of corn with his left hand, yanks the husks off the corn with his right hand and gives the ear a throw toward the big wagon. When said ear of corn strikes the throw board it goes "ping" making a very interesting game at about two and one-half cents a bushel.—Edgerton Eagle.

PRESS COMMENT

Cincinnati Commercial Tribune: Old Man Nation gave thanks because Carlo wasn't there.

Neenah Times: This is the winter that stirs one's soul; that is if his bin is shy of coal.

Cleveland Plain Dealer: Bears seem to be scarce, but no president needn't feel discouraged. The best trust is grazing quietly within plain view.

Milwaukee Journal: Postmaster Payne probably has the New England idea that the proper place for a married woman is at home, enjoying private instead of official pie.

Denver Republican: For a race that has absorbed \$240,000,000 in education the American Indian seems to make a mighty poor showing in the football records.

Denver Post: That Connecticut chauffeur who has been sent to the penitentiary for killing people has indulged in his last read revel with his red devil.

Washington Post: Of course, if the sultan of Jolo objects to having his assimilation served benevolently, Uncle Sam's military chiefs have several other very effective recipes.

Chicago News: The thief who returned a stolen watch because he found a touching family photograph pasted on the lid may have been tender hearted, or then again he may have been a god judge of watches.

Milwaukee News: It begins to look as if in Milwaukee one must be a gambler if he commits a crime to receive consideration from the public officials concerned in the administration of the laws.

Rochester Herald: Well, we take it back. There are some good combinations, after all. In Chicago the other day it was the combination of Bronislaw Zylenski and Miss Kostyszka Koen Koslowska.

Baltimore American: A farm belonging to Russell Sage has been sold for taxes. Here is an opportunity for an endless chain relief fund by all who pity the misfortunes of a poor millionaire.

La Crosse Chronicle: It has been repeatedly said by his enemies that Senator Spooner's danger is his fool friends. To this we add that the senator's strongest boosters are his fool enemies, and again, that Senator Spooner is in danger.

Buffalo Express: "Football is quite too prevalent these days," remarked the teacher who was marking the grammar papers. "The youngsters seem unable to resist the temptation to play football even with the English language."

Milwaukee News: There is a movement on foot to secure the repeal of the law abolishing the army canteen. So long as the statesmen insist in having a saloon in the basement of the capitol they ought to be liberal enough to give the soldiers a chance to get their booze at wholesale.

Fond du Lac Reporter: Milwaukee school teachers are up in arms because it was suggested that they be required to state their ages when applying for positions. They might do as a well-known Waukesha school m'am, now dead, did for thirty years after she had reached the age when the term "old maid" is applied to an unmarried woman. She always gave her age as sixteen, plus.

Milwaukee Wisconsin: It wasn't money that decided the issue of the recent county election in Milwaukee. The official reports show that the expenses of the republicans and the democrats were the same—about \$7,000. The democratic candidates were on the wrong ticket. It was merit—party merit—that determined the result.

Shenoygan Journal: The Mississippi river catfish, very much neglected in this part of the country, has gone east, like many another suffering from lack of appreciation and acquired fame. He has been "introduced" in eastern rivers to go society, and is ranked by fishermen the equal of the best bass as a game fish and "fully as toothsome."

Wisconsin Tobacco Reporter: The electric railway problem is again occupying the attention of the people of the little village of Catfish, and there seems to be very good grounds to suppose that they will be accommodated with a road before another year passes. Fulton is an ideal site for the location of a city and with an electric road or two there is no telling what its future may be.

Eau Claire Leader: Wisconsin scores again. This time it is coal at Durand. This is a perfect embarrassment of riches. Just think of it, gold, pearls, peat, and now coal, all in one year! The same providence which gave the Badger state its hyperborean winters, gave it also apparently vast stores of fuel to encounter the same. When the end comes, we may be in all probability be consumed by fire, but there is nothing specified about our being frozen to death.

PLEASANT MEETING FOR CLUB MEMBERS

America. Rebekah Social and Beneficial Club Gave Its Annual Supper Last Evening.

America Rebekah Social and Beneficial club gave its annual banquet in the dining room at East Side Odd Fellows' hall last evening, the occasion being enjoyed heartily by a company of about sixty-five ladies and gentlemen.

The ladies of the club met in the afternoon for their regular monthly business meeting, being joined by the gentlemen at six o'clock. Half an hour later the company was seated at the attractively laid tables, absorbed in the enjoyment of an elaborate feast of good things. Oysters formed the central dish on the menu but there were pressed meats, salads and all kinds of tempting dishes in abundance.

Hold Enjoyable Meetings
 The club is one of the most enjoyable social organizations connected with Odd Fellowship. The monthly business meetings are always followed by a picnic supper at which the gentlemen are entertained and once a year a more elaborate supper is served. Generally this supper is given on Thanksgiving night, but this year it was thought best to give it later. Mrs. Herman Kramer, Mrs. Frank Loomis and Mrs. M. D. Taylor formed the committee having it in charge. After the supper, the early evening was spent enjoyably at the card tables.

Immense Sturgeon Caught.
 The largest sturgeon ever caught in Irish waters was recently on view in a Dublin fishmonger's. It measures 10 feet in length, 6 feet in girth, and weighs nearly 700 lbs. It was caught by a fisherman named Whelan in a rough net, in Dublin Bay, near Pigeon House Fort. A great many large sturgeons have been taken all round the Irish coast this year.

Idle Regrets.
 The Duchess of Marlborough, bewails the stiff dignity and the consequent loss of really good times in the position of an English duchess compared with that of an American girl. But there need be no sympathy wasted on such cases as hers. American girls are under no compulsion to give up their good times and their liberty for diadems, dignity and dullness.

An Absurdity.
 The craze for mixing tablets to historic houses has now reached the bathetic stage. It is announced that a tablet has been affixed to a house at Soden, near Frankfurt, with the following inscription: "In this house Richard Wagner spent the first night on German soil after his exile of eleven years. August 12-13, 1860."

G. W. SAGER,

TEACHERS MEET HERE SATURDAY

ANNUAL MEETING OF THE ROCK
COUNTY ASSOCIATION.

LARGE ATTENDANCE EXPECTED

Beloit Was Unable to Entertain the
Association Because of Poor
Hotel Accommodations.

This city will be the Mecca for the
teachers of Rock county on Sat-
urday of this week when the annual
meeting of the Rock County Teachers'
association is to be held at the Janes-
ville high school building. The as-
sociation is one of the oldest, largest
and most influential in the state and
the meetings are always largely at-
tended. About four hundred teachers
are expected on Saturday.

Beloit's Hard Luck
As a rule the meetings are held in
the larger cities of the county in turn
but this is the second year in suc-
cession that this city is to be favored
with the gathering of teachers. Nat-
urally the meeting would have gone
to Beloit for this session but owing
to the lack of hotel accommodations
which are particularly deficient at the
present time, Supt. Converse request-
ed the Janesville school to be the host
again this year. It is hoped and be-
lieved that Beloit will be in a position
to entertain the association next year.

Good Program Planned
The annual meeting is always held
on the first Saturday in December
and it is generally conceded that the
programs are the equal of those given
at state conventions. Those most
deeply interested are enthusiastic over
Saturday's program and believe it
will prove one of the most helpful
ones in the history of the association.

Able Speakers
Several of the prominent educa-
tors of the state will be present to
participate in the program. Among
them will be Supt. E. W. Walker, of
the State School for the Deaf at Del-
avan; Inspector F. M. Jack, of Mad-
ison and Supt. A. J. Hutton, of the
State School for the Blind. Many
of the principals of high schools and
successful teachers of the county will
also discuss subjects of interest.

Morning Session
There will be two general sessions
for all the teachers. The morning
general session which will open at
9:30 o'clock will be devoted to the an-
nual address by the President, Prin-
cipal R. E. Loveland, of Clinton and to
five addresses of a general educa-
tional nature. These addresses will be
Agricultural Education by E. W. Walk-
er, the State Graded School Movement
by F. M. Jack, Principal Rudolph Kar-
ges of Orfordville, and Miss Mary
Holt, of Brooklyn; and Fads by Supt.
A. J. Hutton.

Section Meetings
Sectional meetings will occupy the
afternoon from 1:30 to 3:30 o'clock.
Principal W. A. Clark, of Edgerton,
being the leader of the High school
section; Miss Ada L. Brandt, of this
city, of the grammar section and Miss
Lida B. Earhart, of Whitewater, of the
primary section.

Business Meeting
At 3:30 o'clock the second general
session and annual business meeting
will be held. Officers will be elected
for the coming year and there will be
four ten minute talks on the past,
present and future of the Rock county
schools by the present county superin-
tendents and the county superin-
tendents elect.

Music By Students
Music for all the sessions will be
furnished by students from the Janes-
ville schools. The high school or-
chestra will play and there will be
songs by the grade school children.
Mrs. Georgia Hyde, the musical in-
structor has entire charge of this
part of the program.

TWILIGHT CLUB TO TALK REFORM

"Does Janesville Need a Municipal
League?" To Be Discussed
at the Next Meeting.

Does Janesville Need a Municipal
League, will be the question discussed
at the meeting of the Twilight club
on Tuesday evening. The subject is
one that is of interest to everybody
residing in this city and some of the
speakers may make pointed remarks
that will fit into plans. W. A. Jack-
son will be the leader and he has ar-
ranged for five sub-divisions of the
topic. The ones to whom the sub-
jects have been assigned are well fit-
ted to make them interesting.

JANESVILLE MAN DIES IN A HOTEL

M. M. FARLEY SMOTHERED IN A
CHICAGO FIRE.

CAUSED BY OPEN GAS JET

Was Highly Esteemed in This City—
He Leaves a Widow and Two
Children—His Death.

A message was received in this
city this morning by J. J. Cunningham,
ham, stating that M. M. Farley, of this
city, was one of the victims of a fire
that broke out in the Hotel Lincoln
at 178 Madison street, Chicago, short-
ly after six o'clock. The hotel was
conducted by Fred Smith, formerly of
this city.

Most of the victims were smothered
in their beds by the smoke and it
is thought that Mr. Farley suffered the
same fate. It is believed that the
fire was caused by one of the guests
in the hotel having a gas jet open and
that the gas in some unknown manner
became ignited.

Mr. Farley was fifty-two years of
age and came to Janesville about
twelve years ago making his home
here since then. He was engaged in
the liquor business and was first lo-
cated under the Myers Hotel, after-
wards moving to a place on South
river street in the Burpee block. He
was for a time interested in the busi-
ness now owned by W. C. Hart and
later bought out the Opera House but
later on East Milwaukee street, now
owned by Anderson and Harvey;

which he sold to Mr. Anderson about
eighteen months ago. Since then he
has been in the employ of Kirchoff &
Neubarth Co., of Chicago, buyers of
malt whiskey, representing them on the
road.

Well Thought Of
Mr. Farley was a man who always
stood high in the esteem of his
friends and acquaintances in Janes-
ville. He was a quiet, unassuming
man, but very popular.

The report of his violent death
created excitement on the streets this
morning and any news of the accident
was eagerly sought after. At first
the report gave the name as M. M.
Handy, but this hope was dispelled
by a telephone message from his em-
ployers to J. J. Cunningham stating
that Mr. Farley was among the dead.

Wife Is Told
This message was communicated to
his wife by Mr. Cunningham. He
leaves to mourn his death a widow
and three children, two boys, Leonard
aged twenty, Arthur seventeen, and
one daughter, Miss Nellie, aged fif-
teen. He also leaves four brothers,
William and James of Mukwonago,
Richard of Chicago and Andrew of
Darlington, and two sisters, Mrs. J.
H. Miller and Mrs. Edward Carroll of
Menure.

His widow and family have the sym-
pathy of the community at this time
of their affliction.

Buried Here
The deceased will be brought to
this city for burial and it is expected
that his remains will arrive here
this evening. Undertaker Edward P.
Ryan and Attorney J. J. Cunningham
left this noon at 12:45 for Chicago to
bring the corpse to this city.

Mr. Farley resides at 156 South Divi-
sion street to which place the re-
mains will be taken.

His Lodges
He was a member of the A. O. U.
W. and carried insurance in that or-
der and it is also stated that he was
carrying \$5,000 accident insurance.

**PRIZE OFFERED
TO CHOIR BOYS**

AWARDED AT CHRISTMAS TIME

Ten Dollars in Cash Will Be Given
to Three Winners—Gold
Medal Offered.

To the boys of the surprised choir
of Trinity church, a pleasant incentive
to the best possible work is found in
the cash prize which are to be award-
ed at Christmas time. There are
three of these prizes, the money being
divided into \$5, \$3 and \$2. They will
be awarded to the boys receiving the
highest three markings, the qualifica-
tions upon which the markings are
based being regular and prompt at-
tendance, good behavior and improve-
ment in singing.

Contest Nearly Over
Competition for the prizes began
the first of September and the value
of such an inspiration has been man-
ifest in the work done by the choir
since that time. The Trinity church
choir includes sixteen boys, ten men
and five ladies, but it is the boys alone
who are directly interested in the
prizes. As soon as they are award-
ed, the boys will begin working for a
gold medal.

Prizes Are Donated
The cash prizes and the medal are
all contributed by private individuals
who take a great personal interest in
the choir and the church music. For
the past three years the choir has
been under the direction of H. E. Ra-
nous, who has devoted a great deal
of time to the boys and to whose in-
terest in them and their work, the
boys owe many of their social pleas-
ures. The choir boys are generally
guests of honor at two suppers each
year and the church gives them a
two weeks' camping outing each sum-
mer.

Christmas Music
Rehearsals are held every Tuesday
and Friday evening and unusual inter-
est is being taken at present as the
choir is hard at work on the Christ-
mas music. At the midnight ser-
vice the Mass in E minor by F. Do-
sset, an ambitious musical program
will be rendered. The choir will be
accompanied by an orchestra of two
violins, a cornet and the organ.

Gold Medal Offered
Beginning on the first of January
the choir boys will commence to work
for the gold medal which is offered on

the same conditions which govern
the awarding of the cash prizes. The
intrinsic value of the medal is \$10 and
about a year's work will be done be-
fore it is awarded. Last year the
work done was so uniformly excel-
lent that it was found necessary to
give three medals.

ers will be tested in the near fu-
ture. Last week the members of
the church decided to give two sup-
pers for the benefit of the Sunday
school. The first one will be given
by the women on next Wednesday eve-
ning in the church parlors and on

in Haggart's hall and a good share of
the population of the village were
present to bid farewell to Mr. and

evening and before the guests depart-
ed they presented Mrs. Weirick with
a dozen handsome silver spoons as a

GALBRAITH & SON WIN PRIZES

RECEIVE AWARDS AT THE GREAT
STOCK DISPLAY.

LEAD IN CLYDESDALE CLASS

McLay Brothers Are Awarded First
Place for Their Clydesdale Mare,
Princess Handsome.

At the fat stock show it was gov-
ernor's day yesterday. But it is
more interesting to Janesville people
that the judging of the Clydesdales
occurred on that day, and Alexander
Galbraith and Son as usual won pre-
mier honors. Two first prizes, two sec-
onds, and a third were their share
this year.

Prince William
Prince William, the sweepstakes
winner in last year's show, was seen
sick at the beginning of the week
and was not exhibited. Horse lov-
ers regret it greatly, as the 1901 prize
winner is a magnificent Clydesdale,
and was looked upon to repeat his for-
mer performance.

The 1902 Importation
As it was the banner horses all came
from this year's importation, brought
over from Scotland in September last.
Sturdy Royal led in the three-year-old
Clydesdale class.

Lady Dee and Lady Alex captured
second and third respectively in
the latter class. In the three-year-
old class Sturdy Royal and Gay
Knight took first and third.

Suffolk Pitches
Alex Galbraith & Son were also
first winners in the Suffolk Punch
class, and had a second honor to
their credit as well. Sudburn Lord, so
the Judges decided, surpassed all the
other stallions, three years old or over
and Sydne took second in the same
section.

McLay Brothers Win
McLay Brothers also took a string
of Clydesdales to the great Chicago
show. Princess Handsome a two-
year-old mare from the McLay stables
stood first in her class. The horse
is well known among Clydesdale fan-
ciers in this part of the country, and
her distinction was not unhelped for.

Closely Contested
In each class the competition was
close and the judges had difficulty in
coming to a decision in some cases.
Never has such a collection of stock
been brought together as that at
the stock yards this week, and in
every department of the great exhibit
only the choicest animals have been
entered.

Crowds Increasing
Record breaking crowds have at-
tended the exposition and the build-
ings have been thronged. The num-
ber admitted at the gates has been
growing each day, and today is looked
upon as the banner day of the week.

Elect Officers: The Mystic Workers
of the World met last evening at the
East Side Odd Fellows' hall and elect-
ed the following officers for the en-
suing year:

VOTES MONEY TO STRIKE BOARD

MR. BAILEY UTTERS PRAISE

Gentleman From Georgia Declares President Roosevelt's Action to Have Been Patriotic—Proposition to Reimburse John Mitchell.

Washington, Dec. 4.—The house passed without division the bill appropriating \$50,000 to pay the expenses of the coal strike commission appointed by President Roosevelt. The measure was debated at considerable length. It came up in committee of the whole, with Mr. Grosvenor in the chair. Before the discussion began Mr. Gaines of Tennessee stated that he desired to offer an amendment. The chair having ruled that amendments were not in order at this time Mr. Cannon, in charge of the bill, agreed that the amendment should be read for information. It proved to be an amendment to place anthracite coal on the free list. Mr. Benton of Missouri, a member of the appropriations committee, to whom Mr. Cannon yielded, declared that he could not support the bill. The president, he said, had no legal authority for the creation of the commission. His second objection was that it placed \$50,000 in the president's hands without any limitation whatever.

Mr. Livingston of Georgia and Mr. Underwood of Alabama supported the bill, although they agreed that the president's action was irregular. Mr. Bailey of Georgia said the president had acted patriotically. Mr. Cochran of Missouri, Mr. Feely of Illinois, Mr. Gaines of Tennessee and Mr. Maddox of Georgia endorsed the act of the president. Mr. Hemenway of Indiana and Mr. Lacey of Iowa warmly defended the course of the president, the latter characterizing it as one of the boldest acts in the history of the executive.

Mr. McDermott of New Jersey pointed out the fact that the strike commission had no power behind it. He thought the commission should be given power to make an investigation and should report its findings to congress.

Mr. Cannon argued that the bill should pass in the form in which it was presented. If the president's action had been without authority of law or constitution, Mr. Cannon said, it had been taken "in response to an overwhelming public sentiment, which, coming from the whole country of 80,000,000 people which begets action, is for the express purpose it represents larger than the Constitution."

Mr. Griffith of Indiana offered an amendment to provide for the payment of the expenses of John Mitchell, president of the United Mine Workers. He extolled the service of Mr. Mitchell in bringing the strike to an end.

Mr. Cannon paid a high tribute to Mr. Mitchell, who, he said, was a fellow citizen of Illinois, but said he did not believe Mr. Mitchell would endorse such a "cheap John" proposition. The amendment was voted down.

The bill then was favorably acted upon.

CATHOLICS PROTEST.

Say Their People Have Been Insulted in Philippine Matter.

Washington, Dec. 4.—The friars of the Philippine Islands have found a champion in the Order of Foresters of St. Paul's Roman Catholic church of Chicago. Senator Cullom of Illinois presented to the senate a protest from that organization against this country's treatment of the religious orders. The protest is couched in vigorous language, and says:

"We consider it not only an insult to the 12,000,000 American Catholics in the United States, but also a deplorable imprudence that in the appointment of the Philippine commission by the government not a single Catholic has been named, when the appointment of this body was made for the sole purpose of acting in the interest of the exclusively Catholic population of the Philippine Islands."

A special protest is made against the placing of the Philippine schools in the hands of the non-Catholics and of making them "godless schools." The reports of immorality on the part of the friars are denounced as the inspiration of fanatical hatred, and a protest is entered against the expulsion of the friars from the islands.

PROVIDES GOLD BASIS.

Mr. Lodge Presents Bill for Regulation of Philippine Currency.

Washington, Dec. 4.—Senator Lodge, chairman of the Senate committee on the Philippines, introduced a bill for the regulation of the currency of the Philippine Islands. The bill provides that the currency of the United States shall be legal tender in the islands and makes the gold dollar the unit of value, but it authorizes a silver peso of 416 grains, which is to be paid in sums of less than 100 pesos when demanded. The peso is also to be received for all dues to the islands unless specific legal provision is made to the contrary. The Philippine government is authorized to take such measures as it considers necessary to maintain the parity of the peso with the currency of the United States at the rate of two pesos for one dollar. Authority is also given for the issuance of certificates in the peso. Mexican and Spanish pesos are to go out of existence by the 1st of December, 1903; meanwhile their value is to be fixed by proclamation by the governor of the Philippines. Representative Cooper introduced a similar bill in the House.

PANAMA CANAL TREATY.

Pact With Colombia May Be Signed Before Christmas.

Washington, Dec. 4.—Negotiations between Secretary Hay and Dr. Herran, representing the Colombian government, for a canal treaty have been resumed, and there is promise of a treaty before Christmas. After Dr. Herran's departure Secretary Hay consulted, in order, Senators Spooner and Hanna in pursuance of his policy of keeping congress fully informed of what he is doing in the canal negotiations, and, as far as possible, making sure in advance of its approval of the treaty that he expects to submit. It is understood that the secretary will confer further on this subject with other senators and with leading representatives, and meanwhile Dr. Herran will wait until the secretary has made sure of his ground and summoned him to the state department, before continuing the negotiations.

Urges Consular Reform.

Washington, Dec. 4.—Despairing of getting action upon his bill for the reorganization of the consular and diplomatic service as a separate measure, Senator Lodge has introduced the bill as an amendment to the consular and diplomatic appropriation bill. The Lodge bill is now upon the senate calendar, having been favorably reported by Senator Cullom's committee on foreign relations. Notwithstanding this endorsement, it is feared that the only way in which the bill can become law at this session is in the form of an amendment to an appropriation bill.

Publicity for Trusts.

Washington, Dec. 4.—A trust bill will be reported by the house judiciary committee Friday. This is the expectation of Representative Littlefield of Maine, chairman of the subcommittee having charge of trust legislation. Mr. Littlefield expressed the opinion that his bill for publicity would be reported favorably to the

full committee at its meeting Friday. The bill attempts no regulation of the trusts, except by publicity, requiring all combinations to make regular reports to the interstate commerce commission showing their financial condition, capital stock, etc.

Raises Age Limit.

Washington, Dec. 4.—Senator Hale introduced a bill fixing the age for admission to the naval academy between the age of seventeen and twenty years. The present limit is fifteen and twenty-one years.

DEPLORES HERESY GROWTH

Pope Appoints Commission to Check Spread of Protestant Propaganda.

Rome, Dec. 4.—The pope has published a brief appointing a commission, composed of Cardinals Crotoni, Cassetta, Resplighi, Martinelli and Vives y Tuto, to direct the work of the association which his holiness formed three years ago for the preservation of the faith against Protestant propaganda. In his brief the pope bitterly complains of the freedom permitted in Rome to the propagation of heresy as a great danger to the Catholic church, but the brief is regarded as most inopportune, even by ecclesiastics.

MRS. GREEN MAKES A FORTUNE

Forces J. P. Morgan to Buy Her Holdings in Louisville and Nashville. New York, Dec. 4.—Mrs. Hetty Green has added to her already large fortune the trifling amount of \$1,500,000, according to Wall street gossip, by selling her large holdings of Louisville and Nashville at a figure between 140 and 150. She is credited with having bought it at 70. J. P. Morgan is said to have bought it at practically her own figures and at her request in order to avoid any possible trouble. Mrs. Green's holding consisted of a block of 20,000 shares.

ATTORNEYS WIPE OUT ASSETS

Milwaukee Master Reports on Fees in Plankinton Bank Case.

Milwaukee, Wis., Dec. 4.—Frederick Geiger, master appointed to ascertain the value of the lawyers' services in the suits against William Plankinton as assignee of the Plankinton bank, reported that \$25,000 was a reasonable sum for the law firm of Winkler, Flanders, Smith, Bottom & Vilas and that \$2,534 should be allowed Mr. Plankinton for the expense of defending and explaining his report as assignee. The attorneys for the present assignee, who made the objections and the fight, which has lasted two years, are to be paid next and that will eat up the remaining assets of the bank.

PREMIER SAGASTA AGAIN OUT

Head of Spanish Cabinet Tells King Step Is Irrevocable.

Madrid, Dec. 4.—Premier Sagasta resigned his office at an audience with King Alfonso at which he intimated that the step was irrevocable. He informed the king that the opposition had treated him with distrust and discourtesy, which he did not deserve. The Spanish cabinet suffered a defeat in the chamber of deputies by the adoption of a motion of censure on the minister of marine for authorizing the contract for the construction for the training ships without previously obtaining the consent of the cortes.

Columbia, S. C., Dec. 4.—Callin Collins, 15 years old, shot and killed his grandfather, J. C. Sparks, at his father's home near Rockhill. The family had been laughing at the boy about being refused a birthday cake. For his subsequent conduct his father threatened to whip him. Young Collins says the pistol dropped out of his pocket.

Danderine

GREW THIS HAIR.

MISS HELEN HART, 633 N. KIMBARK AVE. CHICAGO.

RUTH HARDY, 91 S. 41st AVE. CHICAGO.

MADEL MORRIS, 1463 PARK AVE. CHICAGO.

THREE WELL KNOWN YOUNG LADIES WHO ARE RECEIVING WONDERFUL RESULTS FROM THE USE OF DANDERINE.

KNOWLTON DANDERINE CO., Chicago, Ill.

Dear Sirs—Two of my girls, friends and myself have been using your Danderine for several months. We all commenced using it about the same time, and we are seeing which of us can grow the longest hair. For a month we used it once a day, after that twice to three times a week. All of our hair is much thicker than it was, and mine is fully seventeen inches longer. It seems the longer it gets the faster it grows. Are we using it to the very best advantage? Kindly answer at once.

Respectfully, Ruth Hardy, 91 So. 41st Ave.

Chicago, Jan. 30, 1903.

We here show photographs of three young ladies who are having a hair-growing race, the loser to pay for all the tonic used. There is also another agreement entering into the wager (upon which we are not fully informed) concerning matrimony. We will try and show their photographs again when the contest is closed.

Nearly Every Lady in the City of Chicago Uses Danderine

and if you will look at the wealth of luxuriant and beautiful hair exhibited in the above photographs you will see the reason for it. It is the only remedy ever discovered that will make hair grow, and stop it from falling out (we back that statement with the thousands of dollars). Chicago, St. Louis, Kansas City, New York and Boston druggists are now buying it by the car load in order to supply the tremendous demand, which its unbounded merit has created. Pretty substantial proof of merit, is it not? Be sure you get the genuine, made only by the Knowlton Danderine Co., Chicago.

NOW at all druggists in three sizes, 25c., 50c. and \$1.00 per bottle.

FREE To show how quickly Danderine acts we will send a large sample free by return mail to anyone who sends this advertisement to the KNOWLTON DANDERINE CO., CHICAGO, with their name and address and 10 cents in silver or stamps to pay postage.

ENGLAND JOINS WITH GERMANY WARSHIPS EN ROUTE TO SOUTH

British Vessels Leave Hamilton, Bermuda, to Make a Demonstration Against Caracas—South American Republic Offers Satisfaction.

London, Dec. 4.—England has joined hands with Germany in active measures against Venezuela, and it is declared that plans to force a settlement will be pushed without delay.

A dispatch from Hamilton, Bermuda, says the British cruiser Retribution has sailed from there with the warships Charybdis, Alert and Quail, all bound for Venezuela. They will be followed by the Tribune and Ariadne. These, together with the German warships now on the scene, should compose a squadron capable of coping with any resistance Venezuela might offer.

Wait on United States.

Meanwhile no definite answer has yet been received from Washington by the financiers here who wish to bring about a pacific settlement. An important communication one way or the other is expected from Washington. It is believed in some circles, however, that the plan for a peaceable adjustment of the difficulties has failed.

The Venezuelan delegates maintain that their status has been seriously affected by the adoption of the aggressive measures, but they declare that it would be obviously bad policy, in spite of the critical position of their country, to make any suggestion to Europe until the attitude of the United States, both as a joint creditor and a largely interested political power, had been ascertained.

Venezuela's Offer.

Venezuela, it is reported, offers the payment on a unified loan of over \$3,000,000 interest yearly, guaranteed by the customs, with the establishment of a European bank at Caracas, to superintend the collection. These details are still unknown to the powers who have ordered their warships to Venezuela.

"Where is that secret Venezuelan commission?" is the question that is interesting London financiers, but nobody replies. An authoritative financier on London and South America money matters said:

No Commission.

"I know nothing of this mysterious commission, and do not believe they are here. I have a personal code with the smartest agent in Caracas. He has not sent me a word. It is almost impossible to believe that this important commission could have left Caracas unknown to him. I can state that the foreign office is ignorant of the presence of any commission, and as soon as they hear of it they are likely to drop me an unofficial hint."

"Pleasant Dreams"

Cries the young maid to her mother, as she retires to rest. The mother smiles, but sighs. She knows that the pains that rack her will not stop for darkness, and that if she sleeps her dreams will only be echoes of the sufferings of the day.

Why not sleep soundly and rise refreshed at morning, with strength and courage for the day's duties? Weak, nervous women, sufferers from backache, bearing-down pains, and other womanly ailments, have found a perfect cure in Dr. Pierce's Favorite Prescription. It treats the womanly diseases which cause the pains and nervousness. It makes weak women strong and sick women well.

"I deem it my duty to express my heartfelt gratitude for having been the means, under Providence, of restoring me to health," writes Mrs. B. H. Mann, of Springfield, La. Co., La. "For nearly two years I suffered from female weakness so I could not stand on my feet any length of time; could scarcely walk at all. Appetite was much impaired; I had bearing-down sensations; can't express how badly I did feel. Had tried several kinds of medicine which did me little or no good. At last decided to try Dr. Pierce's Favorite Prescription. I had not taken all of two bottles before I saw it was sending me on my way to health. I had taken seven bottles, when I felt entirely cured. It had been over a year since I took any medicine, and I can truthfully say that my health has been better for the last year than it had been for four years previously.

"You may publish this as a testimonial."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. V. Pierce, Buffalo, N. Y.
